How To Get Gold

Overview

Sylvanas uses Gold as its in-game currency. You acquire Gold by purchasing it, then spend it on:

- Base Subscriptions – Required to play with Sylvanas for a selected duration.
- Add-On Services – Options like Phone HWID (mobile linking) or premium plugins from the marketplace.

This guide covers:

- How the Gold system works
- Purchasing Gold (officially and via resellers)
- Redeeming codes from resellers
- Spending Gold on subscriptions and services

1. How the Gold System Works

- Buy Gold – Acquire Gold units in your account.
- Spend Gold – Navigate to the appropriate panel page to purchase:
 - Subscriptions: Unlock Sylvanas for a period.
 - Phone HWID: Link your Sylvanas license to your phone for portable use.
 - Plugins: Enable or purchase additional scripting features.
- Manage Balance – Any leftover Gold remains in your wallet for future purchases.

Gold is priced on the official site at \$1 USD = 1,000 Gold. Example:

- To buy a 1-month subscription (29,700 Gold), pay **\$30 USD** and keep the remaining 300 Gold in your balance.

2. Purchasing Gold

You can obtain Gold in two ways:

A. Official Website (BTC & LTC Only)

- Go to the [Buy Gold page](#).
- Select Bitcoin (BTC) or Litecoin (LTC) as your payment method.
- Complete the crypto transaction.
- Gold is credited automatically to your Sylvanas account.

NOTE

Only BTC and LTC are accepted here. If you need other payment options, see [Resellers](#) below.

B. External Resellers (PayPal, Credit Card, CashApp, etc.)

On the same Buy Gold page, choose “PayPal, CC & More (Resellers)”. A pop-up will list available vendors. Each offers different Gold packages, prices, and payment methods.

Below are some commonly used resellers:

Mew – PayPal

Travers – Credit Card / Stripe / Crypto

- Shop: [whyspshop.sell.app](#) (30k Gold)
- Process: Enter your Discord ID & email. After payment:
 - PayPal: Redeem code delivered to your PayPal email.
 - Other Methods: Code sent to your provided email.
- Note: 5k Gold packs available for smaller purchases: [whyspshop.sell.app](#) (5k Gold)

Sylvanas_CN – 支付宝 / 微信 (Alipay / WeChat Pay)

- 商店: [sylvanas.cc](#)
- 如何购买: 选购商品并填写邮箱，下单后兑换码会发送至您的邮箱，用于在官网兑换金币。

Weavers – PayPal / Crypto

- Shop: [weaverx.sell.app](#)
- Process: Provide your Discord ID & email; receive code by email after payment.

TIP

Choose the vendor that best fits your preferred payment method and regional convenience.

3. Redeeming Your Code

If you purchased through a reseller, you will receive a Redeem Code. To add this Gold to your account:

- Go to the [Buy Gold page](#).
- At the top, find Enter Redeem Code.
- Paste your code and click [Apply Code](#).
- Your Gold balance will be updated immediately.

4. Spending Your Gold

Once you have Gold in your account, choose how to spend it:

Base Subscription

- Link: [Subscription Panel](#)
- Use Gold to buy monthly or multi-month access to Sylvanas.

Phone HWID (Mobile Linking)

- Link: [Phone HWID Panel](#)
- Enables your Sylvanas license on any PC via your phone. Ideal for internet cafés or travel.

Plugin Marketplace

- Link: [Plugin Marketplace](#)
- Browse free and paid plugins.
- Free Plugins still require a 0-Gold purchase to add to your Plugin Library: [Plugin Library](#).
- After purchase, enable or disable plugins in your library as needed.

Enjoy customizing your Sylvanas experience! If you encounter any issues during purchase or redemption, open a support ticket on our Discord server. Happy adventuring! 🎮🐉
